

THE LIMEHOUSE LAMP COMPANY LTD

FINE ENGLISH LIGHTING

EXTERIOR & COVERED AREA LANTERNS

The Limehouse Lamp Company Ltd

Founded in 1971 The Limehouse Lamp Company started by faithfully restoring and replicating original antique lighting from our Victorian Pub premises, in London's East End area of Limehouse. With St Catherine's Dock on our doorstep, the modern Docklands of today was non-existent. No high rise office buildings, just the historic London, dating back centuries and most of Victorian London's architecture and docks still in existence. From these humble beginnings recreating Victorian carriage lamps, our range of products grew to the large collection of indoor and outdoor lighting we produce today.

All our products are hand made with the majority of work done in our workshops at our Sussex based premises. Every item is built and hand finished by our craftsmen, who have over 100 years of combined experience making traditional lighting. Working in only solid brass and copper, each item is soldered by hand using traditional methods. Heavy parts are all cast in sand and finished by hand giving our lights the artisan quality of original pieces, with no two items being exactly the same.

A large number of our range of products are reproduced from original antiques and our hand finishing processes and traditional manufacturing methods give our lights a unique quality that makes each item feel original.

Our collections combine interior and exterior lighting covering periods of over 200 years from the early 1700's to the 1930's offering designs of grandeur and style. Our historic ranges of Industrial and Nautical Lighting offer replica lighting used throughout Victorian and Edwardian daily life. From the railways, ships and even taverns of emerging industrial England and America.

Our lighting is sold throughout the world and has been used in stately homes, castles, public houses, museums, films and even in the mystical world of Harry Potter at Universal Studios. We have lights to suit almost any period property and are accredited to wire for any country on the globe.

Please feel free to contact our experienced team for advice or any information you may need.

We Look forward to hearing from you.

Where the Magic Happens

OUR 8000 SQ/FT FACILITY NESTLED IN THE SUSSEX SOUTH DOWNS

IT TAKES APPROXIMATELY 3 YEARS TO TRAIN A CRAFTSMAN TO BUILD OUR LIGHTS.

EACH ITEM IS BUILT, WIRED, FINISHED, TESTED AND PACKED WITH PRIDE.

IP Ratings Explained

IP44
OPTIONAL

Bathroom use for EU/UK installation in Zone 2 of a Bathroom. Splash proof. Uses G9 Bulbs.

IP23

Exterior Use Rain Water up to 60 degrees from the vertical (Suitable outside of a splash zone). 1.2m from the ground.

IP44
AVAILABLE

Adapted for EU/UK exterior use, can be used for installation in Splash Zones. Uses G9 Bulbs.

Hanging Lights Suitable for use in a covered area such as a porch.

Please consult a qualified electrician for advice on suitable IP rating required.

Antique Finishes

Antique natural finishes are our most popular for our ranges. We finish each item individually by hand. The Distressed finish (AB) is perfect for making an item look like an original piece. Products finished this way have a mellow appearance making them feel as if they were produced decades ago. Old Antique (ANT) gives a very aged appearance similar to wrought iron in colour. This finish works brilliantly on old stone or brick work and will look perfectly in place on any period property. With Antique Relief (ANT/REL) finish, our experienced craftsmen will relief polish features to your requirements, in order to highlight details you may wish to stand out (Note: Special order).

Distressed Finish

Order Code Suffix (AB)

The item is degreased and soaked in a chemical that physically ages the metal. It is then polished back to reveal the metal beneath. This finish will mellow with age and requires no cleaning or maintenance to keep its appearance. Recommended for interior and exterior use.

Old Antique Finish

Order Code Suffix (ANT)

The item is degreased and soaked in a chemical that physically ages the metal. The finish is a greyish bronze and requires no cleaning or maintenance to keep its appearance. The fitting will look as if it has tarnished for decades. Recommended for interior and exterior use.

Antique Relief Finish

Order Code Suffix (ANT/REL)

As Antique, (ANT) however we relief polish details of the individual light to give a true custom appearance. (Special order - please contact us to discuss).

Polished Finishes

Polished natural finishes will patina in time and require polishing with brass polish if a shiney new appearance is desired. We feel however, leaving the item to mellow to its natural colour improves the look of our products. We can lacquer our products to keep their new appearance and will only require routine cleaning.

Polished Lacquered Finish

Order Code Suffix (PB)

The item is polished and lacquered to obtain a bright and glossy appearance. Requires the occasional clean with a damp cloth and is suitable for interior lights or external products. Please note: We do not recommend a lacquered finish on external lights near coastal areas as salt degrades the lacquered finish very quickly.

Un-Lacquered Natural Finish

Order Code Suffix (PBUL)

The item is polished only and will gradually tarnish and mellow in colour. Alternatively cleaning with brass polish will retain a bright finish. Recommended for interior and exterior use.

Plated Finishes

Most designs are available in polished nickel (N) and are shown on each product page where this is applicable. Nickel patinates in the same way as silver and can be polished easily to keep a bright appearance (much like cleaning the family silver). However it does mellow to a lovely warm classical appearance. Bronze finish (BZ) is available as an option on Gatsby lights only.

Nickel (Unlacquered)

Order Code Prefix (N)

The item is de-greased and soak cleaned, followed by an electric clean bath to remove any further impurities that may cause de-lamination. The item is then Nickel plated with a minimum of 10 microns of Nickel (more than twice the minimum requirement for BSEN-12540). The product is then polished ready for use.

Bronze

Order Code Suffix (BZ)

The item is degreased and soaked in a chemical that bronzes the metal. It is then cleaned and lacquered to achieve a natural bronze finish. Requires the occasional clean with a damp cloth and is not suitable for exterior use.

Note: Nickel plated items are supplied un-lacquered which will dull over time. The items can be easily re-polished to an original state using metal polish. However if you require fittings lacquered (only recommended for interior use) please specify lacquered finish when ordering.

Our extensive range of Exterior and Porch Lights covers styles from Georgian through to Edwardian with influences of Regency, Classical and even Renaissance. We offer something to suit a country cottage through to a stately home. Our ranges which in some cases include replica of original pieces have origins from all over the British Isles, North America, Italy and France. All our products are made of solid brass and copper and soldered by hand. They are all finished to order typically in around 3 - 4 weeks with Nickel taking slightly longer.

Terms & Conditions

DEFINITIONS

- 1.1 "The company" - means The Limehouse Lamp Company Limited
- 1.2 "The customer" - means the customer to the company, whether an individual, partnership, a company or their servants or agents.
- 1.3 "The Contract" - means any contract for sale of goods by the company to the customer.
- 1.4 "The Goods" - means any goods which the Company supplies in accordance with these conditions including parts and components of or materials incorporated in them.

EXISTENCE OF CONTRACT

- 2.1 These conditions shall be incorporated in the contract to the exclusion of any terms or conditions stipulated or referred to by the Customer.
- 2.2 The conditions printed on the price list, from time to time, will be incorporated in the Contract in addition to the conditions herein.
- 2.3 No variations or amendments of this contract shall be binding on the company unless confirmed by it in writing.

PRICES

- 3.1 The price of the goods shall be subject to VAT at the prevailing rate and the company shall have the right to adjust its prices for any increase in any costs of any kind arising for any reason after the contract date.
- 3.2 Carriage will be charged in accordance with the Company's terms and conditions of business printed on the company's price lists from time to time.

PAYMENT

- 4.1 All invoices are payable nett within 30 days of the date of the Company's invoice and the customer shall pay interest on any overdue amount from the date on which payment was due to that on which payment it is made (whether before or after judgment) on a daily basis at a rate of 4% per annum over the base rate from time to time

quoted by HSBC Bank PLC and reimburse to the company any all costs and expenses (including legal costs) incurred in the collection of any overdue amount.

TITLE

- 5.1 Notwithstanding the earlier passing of risk the Company shall remain sole absolute owner of the Goods until such time as the agreed price of the Goods shall have been paid to the Company by the Customer. Until such time the Customer shall be the bailee of the Goods for the Company
- 5.2 The Company shall be entitled at any time before title passes to repossess and dismantle (without being liable for any damage by doing so) all or any of the Goods and for that purpose enter any premises of the Customer.
- 5.3 If a receiver or manager or any other person acting for the customer fails to return any Goods the property of the Company, the return of which has been demanded in accordance with these conditions, he shall pay the Company as agreed and liquidated damages for detinue and/or conversion, treble the agreed price of the Goods.

RISK AND DELIVERY

- 6.1 Goods are delivered to the Customer when the company makes them available to the customer or any agent of the Customer or any carrier (who shall be the customer's agent whoever pays his charges) at the Company's premises or other delivery point agreed by the Company and risk in the goods passes when the goods are delivered to the customer.
- 6.2 The Company shall not be liable for any penalty loss injury damage or expense arising from the delay in delivery or performance from any cause at all nor shall any such delay or failure entitle the customer to refuse to accept any delivery or performance of or repudiate the Contract.
- 6.3 Any dates quoted by the Company for delivery of the Goods are approximate only and shall not form part of the Contract and the Customer acknowledges that in the performance expected of the Company no regard has been paid to any quoted delivery dates.

6.4 If the Customer fails to take delivery of the Goods or any part of them on the due date and fails to provide any instructions documents licenses consents or authorisations required to enable the Goods to be delivered on the due date, the Company shall be entitled upon giving written notice to the Customer to store or arrange for the storage of Goods, and then risk in the goods shall pass to the customer delivery shall be deemed to have taken place and the Customer shall pay the Company all costs and expenses including storage and insurance charges arising from its failure.

CLAIMS NOTIFICATION

7.1 Any claim for non-delivery of any Goods shall be notified in writing by the customer to the company within 10 days of date of the Companies invoice.

7.2 Any claim that any Goods have been delivered damaged or not of correct quantity or do not comply with their description shall be notified by the Customer to the Company within 7 days of their delivery.

7.3 Any alleged defect shall be notified by the Customer in writing within 7 days of delivery of the Goods or in the case of any defect which is not reasonably apparent on inspection within 7 days of the defect coming to the Customers attention and in any event within one month from the date of delivery.

7.4 The Company shall have no liability with regard to any claim in respect of which the Customer has not complied with the provisions of this condition.

SCOPE OF CONTRACT

8.1 Under no circumstances shall the Company have any liability of whatever kind for:

8.2 Any defects resulting from wear and tear accident improper use by the Customer or use by the Customer otherwise than in accordance with the instructions or advice of the Company or the manufacturer of any Goods or neglect or from any instructions or materials provided by the Customer.

8.3 Any goods which have been adjusted modified or repaired otherwise than by the Company.

8.4 Any technical information recommendations statements or advice furnished by the Company its servants or agents not given in writing in response to a specific written request from the Customer before the Contract is made.

EXTENT OF LIABILITY

9.1 The Company shall have no liability to the Customer (other than liability for death or

personal injury resulting from the Company's negligence) for any loss or damage of any nature arising from any breach of any express or implied warranty or condition of the Contract or any negligence, breach of statutory or other duty on the part of the Company or in any other way out of or in connection with the performance or purported performance of or failure to perform the Contract except in accordance with this condition.

9.2 If the customer establishes that any Goods have not been delivered have been delivered damaged, are not of the correct quantity, do not comply with their description or are defective, the Company shall, as its option replace with similar Goods any Goods which are missing, lost or damaged, do not comply with their description or which are defective allow the Customer credit for their invoice value or repair any damaged Goods.

9.3 Where the Company is liable in accordance with this condition in respect of only some or part of the Goods the Contract shall remain in full force and effect in respect of the other or other parts of the goods and no set-off or other claim shall be made by the customer against or in respect of such other or other parts of the Goods.

9.4 No claim against the Company shall be entertained for any defect arising from adjustments alterations or other work which has been done to the goods by any person other than the Company.

9.5 In no circumstances shall the liability of the Company to Customer under this condition exceed the invoice value of the goods.

FORCE MAJOR

10.1 The Company shall not be liable for any failure in the performance of any of its obligations under the Contract caused by factors outside its control.

LAW & CONSTRUCTION

11.1 The Contract shall be governed by English Law and the Customer consents to the exclusive jurisdiction of the English courts in all matters regarding the Contract.

11.2 If any provision of these conditions is held by any court or other competent authority to be void or unenforceable in whole or in part these conditions shall continue to be valid as to the other provisions thereof and the remainder of the affected provision.

11.3 The headings of conditions are for convenience only and shall not affect their interpretation.
